'Mission Resurge-Chennai Port' yielding results

Exim News Service

CHENNAI, March 3

THE proactive measures undertaken by Chennai Port Trust as part of its "Mission Resurge-Chennai Port" initiative have been yielding results by attracting more cargo to the Port.

On March 1, 2016, for the first time in the history of the Port, 60,000 tonnes of export cargo barytes in bulk were loaded on to the gearless vessel *m.v.*

SILVER NAVIGATOR at Jawahar Dock-II (with a sailing draught of 12.5 m), surpassing the previous highest of 55,000 tonnes of dry bulk handled through any vessel at the inner harbor. The 100-tonne high-capacity mobile harbour cranes were used to load the cargo, said a release.

Jawahar Dock-II will be able to berth vessels up to 14 m draught once dredging

of the channel is completed, for which a DCI dredger is on its way to Chennai from Vizag, the release pointed out.

Chennai Port is showing that it is capable of handling such challenging cargoes, the release stressed.

The Chairman and Deputy Chairman thanked the steamer agent Infinity

Shipping Pvt. Ltd, stevedore B. L. Transport, Port users and employees for their efforts in achieving this record, while looking forward to the continuous support of vessel agents and stevedores in bringing more such cargoes to Chennai Port, the release added.
